"God is love" is written upon every opening bud, upon every spire of springing grass... the delicately tinted flowers in their perfection perfuming the air, the lofty trees of the forest with their rich foliage of living green—all testify to the tender, fatherly care of our God and to His desire to make His children happy.

—E.G. White, STEPS TO CHRIST

I have been thinking of you
 and wondering how you are
 getting on. I hope you are

HOW TO REACT TO CHEMISTRY IN 3 EASY LESSONS

by Faila Course

Lesson One: Don't panic. The instructions, notes, books, chemicals, and test tubes may come quick and thick, but panic just makes it worse. After absorbing fast instructions on possible explosive reactions, start from the top and do it all step by step, drop by drop. After the Fire Department has left and you have finished filling out the insurance forms, pick a different experiment for lab.

Lesson Two: Your second experiment. Now in the new laboratory you're taking on a new assignment, which, the teacher emphasizes, is guaranteed non-explosive. Oh, this one sounds perfect. All there is to do is pour some carefully measured chemicals into test tubes and —OOPS!— spilled some of it. Too late to finish it now; class is over. You wipe your hand across your forehead with a sigh of relief. The next morning you wake up to find an extremely unusual complexion problem; your forehead is entirely black, with streaks of the same blotched over your nose and cheeks. You note the same problem on your hands, only worse. Silver Nitrate— AgNO_3 —may not be explosive, but it takes a while to wear off.

Lesson Three: How to get an "A". This, through my squinting eyes, has never been envisioned.

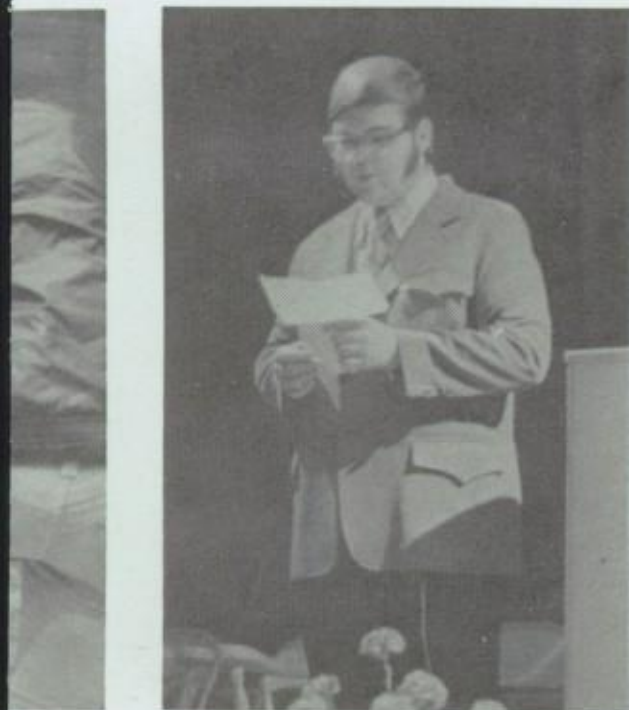

SPIRITUAL ACTIVITIES

Being a Christian school, A.A.A. provides many and varied spiritual programs for the students.

After the Friday night vespers, a voluntary "Afterglow" is conducted. This includes singing, testimonies and prayer bands. "A separation of the sheep from the goats" according to Pastor Oliver. At some church services, we have the joy of witnessing an addition to our ever growing family, through baptism. Sabbath afternoon has a potpourri of different activities. We have the choice of going on a hike (if one is organized), or singing bands, or a small faculty-sponsored discussion group, or you may attend M.V. services. However, if dorm, we do not have the choice of choosing nothing. Three times during the year a Week of Spiritual Emphasis is provided for the students. The Friday night meeting of Week of Prayer is traditionally a Communion service, attended by choice.

Although organized spiritual activities are provided, many students have individual ones. A few students might get together to study specific E. G. White books, or a book of the Bible. Also small nightly prayer groups are formed, and numerous private devotions. Though most activities of a spiritual nature are obvious, there are many that don't meet the eye. A student studying diligently for history class (or any other) is participating in a spiritual activity. The jogger doing his daily mile is helping his religious experience. For when we improve one side of our triangle (a triangle with sides physical, mental, and spiritual) it strengthens yet another side. All activities here at A.A.A., if used properly, can enhance one's spiritual growth.

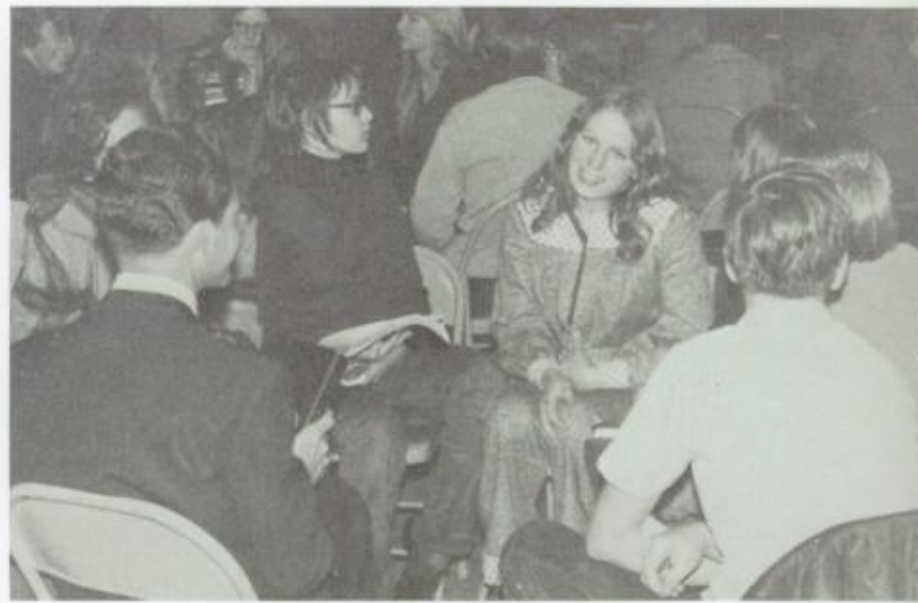

Dori Pipers is baptized in the swimming pool by Pastor Oliver, who commented, "We generously loan our baptistry to the P.E. Department during the week."

John Brunt, Freshman Bible teacher at Walla Walla College, was the featured speaker of our Fall Week of Spiritual Emphasis.

Far left, The Heritage Singers U.S.A. give their testimony through song in a special chapel service.

Inez Peterson and Helen Gunter join in group discussions, an important part of Bible Conference.

Elder Reo Clyde, Bible Conference speaker, discusses the effects of music on our lives.

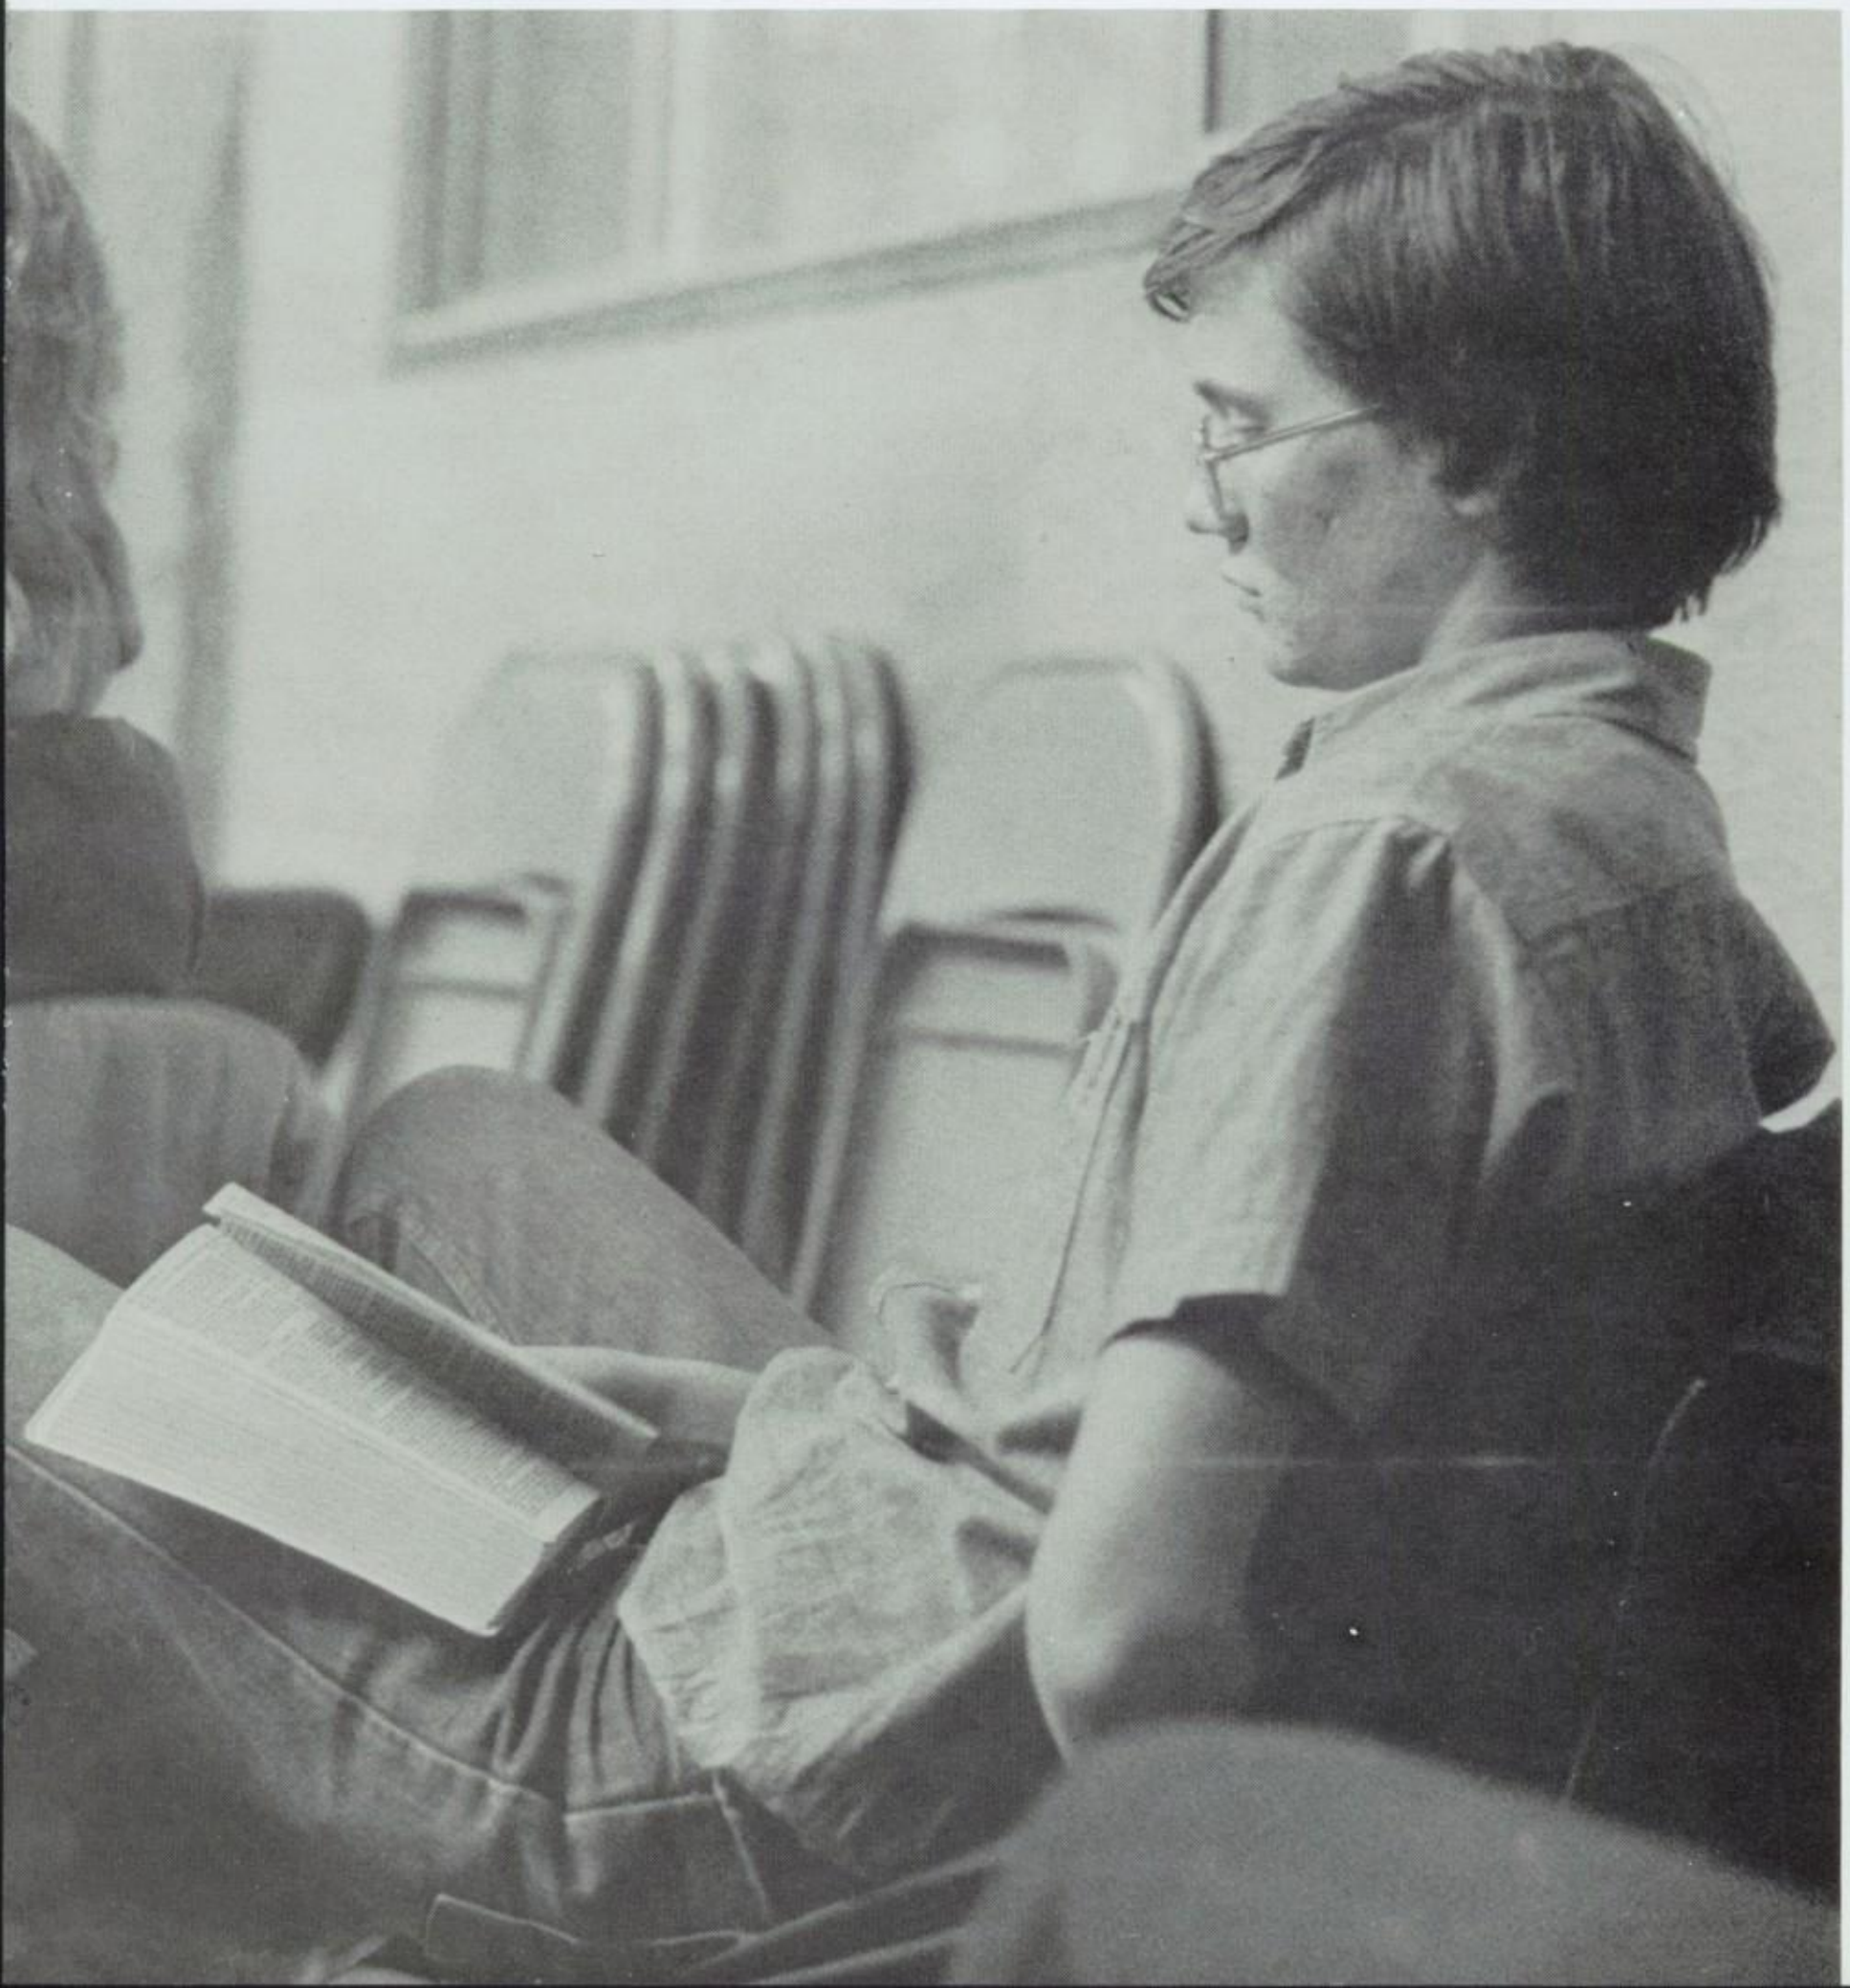

Jenise Corbett and Debbie Fischer listen intently to the worship service.

Far right, Pat Payne meditates on the scripture reading.

BIBLE CONFERENCE

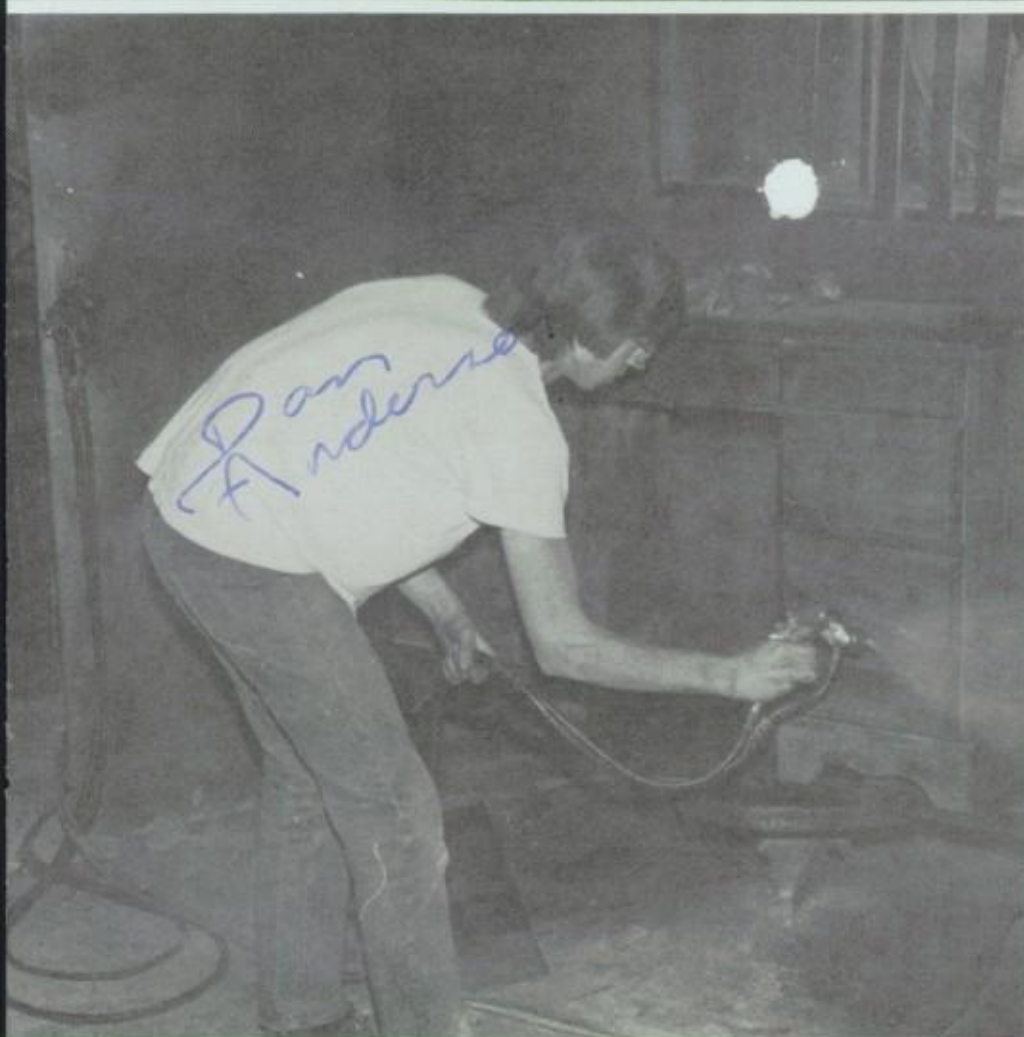

Fall Bible Conference was held at Sunset Lake Youth Camp on October five and six. Over 65 students enjoyed the camp's drippy environment while studying such topics as justification by faith, forgiveness, and restitution.

HARRIS PINE MILLS

In a normal work day at Harris Pine Mills—a private corporation employing many students—(left to right) (1) Lumber is transported to the lumber yard where (2) it is stacked, ready to be seasoned in the dry kiln. (3) After the drying process is completed, the lumber is sorted, here by Wayne Libby, and then cut to designated sizes. (4) Going through the mill room, the boards are cut into specific shapes, such as the headboards for beds, being

done by Don Larsen. (5) Somehow all these different pieces converge at one point—the assembly room—where Don Watts and Mike Barnett put together a desk. Other pieces of furniture assembled here include dressers, desks, chairs, tables, hutches, and cabinets. (6) Next in line is check sanding, an area where sandpaper and wood putty are prevalent. Here Myrna Hayes smooths the top of a desk, one of her numerous tasks.

(7) When the furniture gets through check-sanding, it is shoved into the stain room where it is stained by dipping or spraying, demonstrated here by Dan Anderson. After the stain is dry it is sealed, lacquered, and taken to another dry room where it waits 15-20 hours before being packed for shipping. (8) Sherrie Enright breaks in a finished desk from Harris Pine Mills.

WORK

Here at AAA, a well rounded program, including work as well as study, is considered standard curriculum. Every student is given the opportunity to enhance his character while diminishing his bill by working one to four hours daily.

Available to the on-campus worker are a great variety of jobs. If office work appeals to you, you could be a reader for a teacher. The business office and registrar's office also provide experience for many "Girl Fridays."

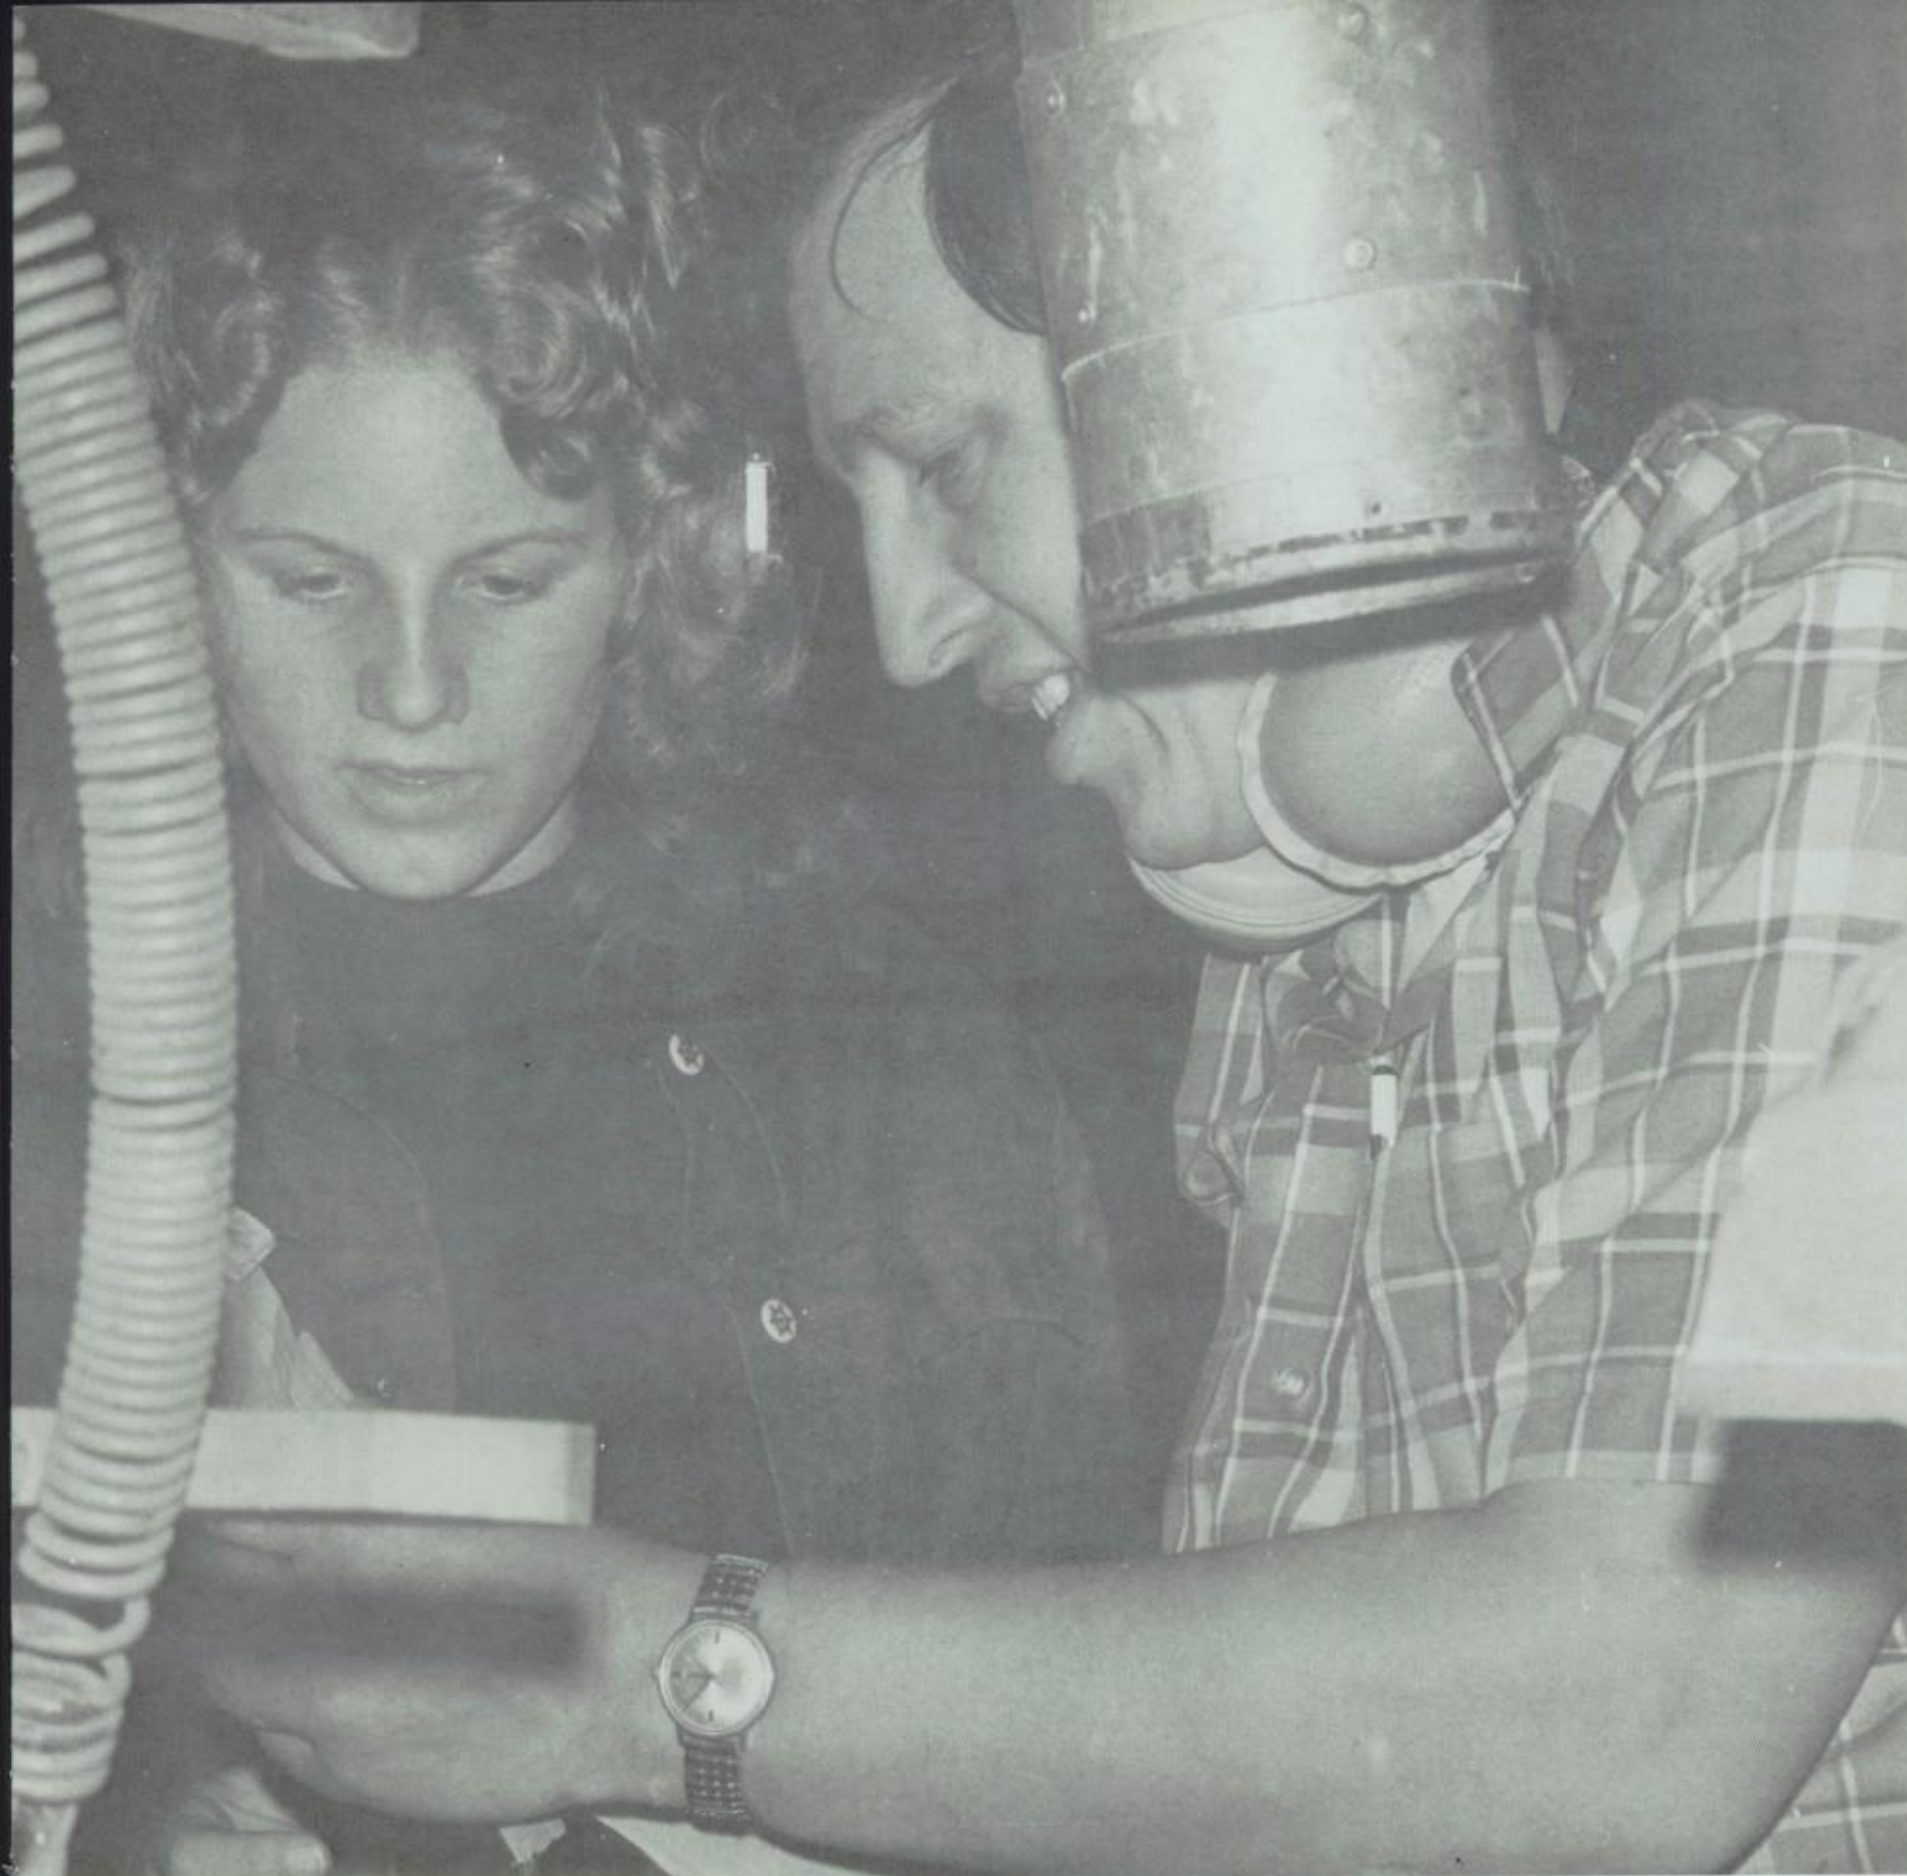

Janitorial, monitoring, weeding, mowing, painting, digging, filing, sorting, cleaning, etc. are also available to the eager and the able.

Dorm worker, Susan Lyon, types up vital statistics about Nelson Hall residents.

Dale Farag "supervises" the laying of a new drainage pipe.

▲ Mr. Holderbaum explains to Harris Pine Mills worker, Sue Brown, why the molder machine isn't cutting out furniture pieces properly.

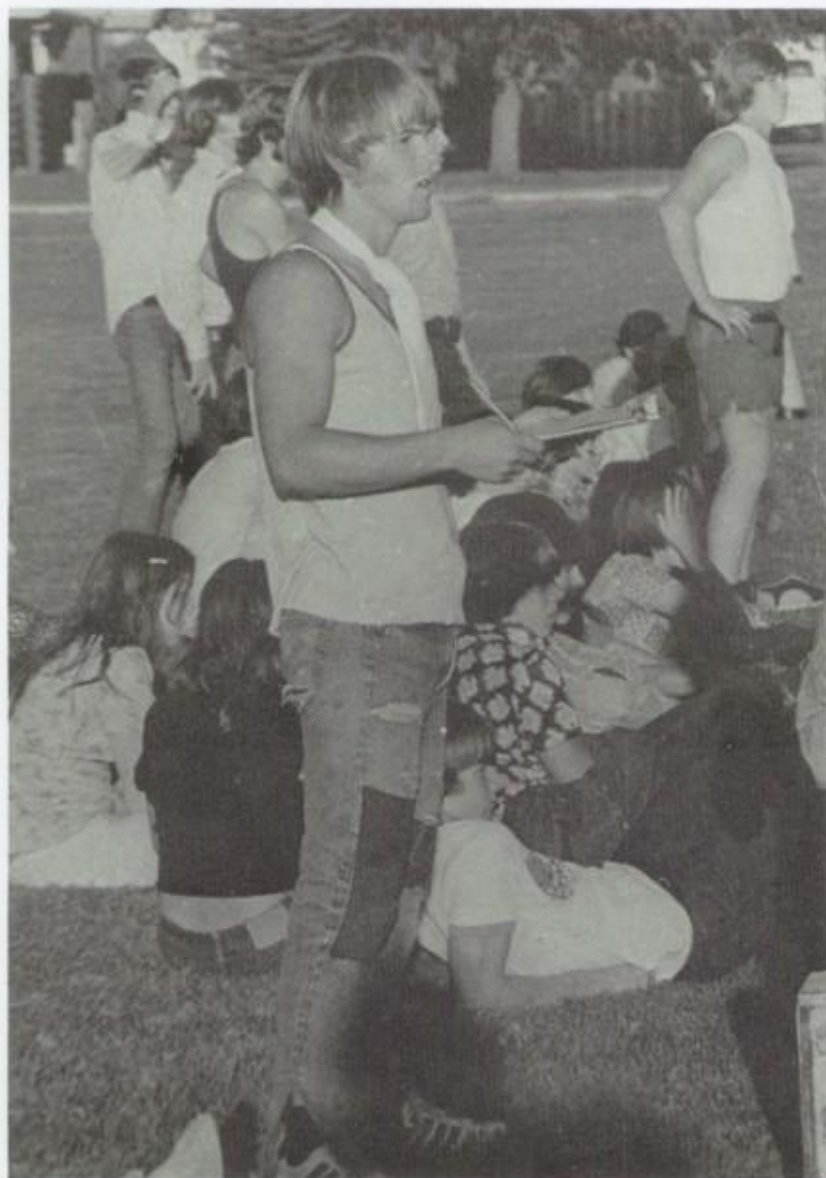

◀ Joan Thornton cleans the cafeteria decks after lunch.

SWIMMING

Since its appearance on campus in 1971 the Academy's 25-yard long pool has added new dimension and flexibility to the physical education program. Over the past two years classes in swimming, diving, scuba, water safety instruction, lifesaving, and water polo have been added to the curriculum. Many students and faculty have benefited from the fun and exercise of year-round swimming.

Ron Mills demonstrates a graceful swan dive.

Racing against the stopwatch develops speed and endurance.

Offered for the first time, synchronized swimming creates a sense of timing and co-ordination.

S. African visitor into swim

By SANDI DOLBEER

Dominique Bongers, who arrived at the Auburn Adventist Academy from South Africa to be a Rotary Club exchange student, got a chance to get her feet wet, right away—literally.

Dominique Bongers

The 18-year-old Cape Town resident entered the academy last night and decided to participate in it. Before the meet was over she swam away with three first place prizes.

Niki, as she likes to be called, will be in Auburn attending the academy for one year.

This is not only her first time in America, but it also is the first she's attended an Adventist school.

Although she and her family are Seventh-day Adventists, Niki at present and was graduated from the public school system last month.

Her performance in the pool Tuesday, although amazing her classmates, is nothing new to the young lady. Included in her hobbies are water sports, particularly paddling. She says her family owns a cat boat by the lake where she used to go on weekends to sail.

One of the things she likes best about Cape Town is the water which borders it, she adds.

Niki, who will in effect be repeating her senior year at the academy, relates that one of the first

things that amazed her here was the informality between teachers and students.

"Mr. Jorgensen, he's the principal, but he says 'hi' to every one in the hall. Our principal, she is much more aloof," Niki explains.

In her school back home the students also wear uniforms, which she contends may be a better idea than having to compete with others and wear different outfits every day.

Discussing her first few days in the Valley over lunch at Wednesday's meeting of Auburn Rotarians, the exchange student says so far she likes what she sees.

Television also is something she's not used to. For the most part, private homes do not have TV in South Africa.

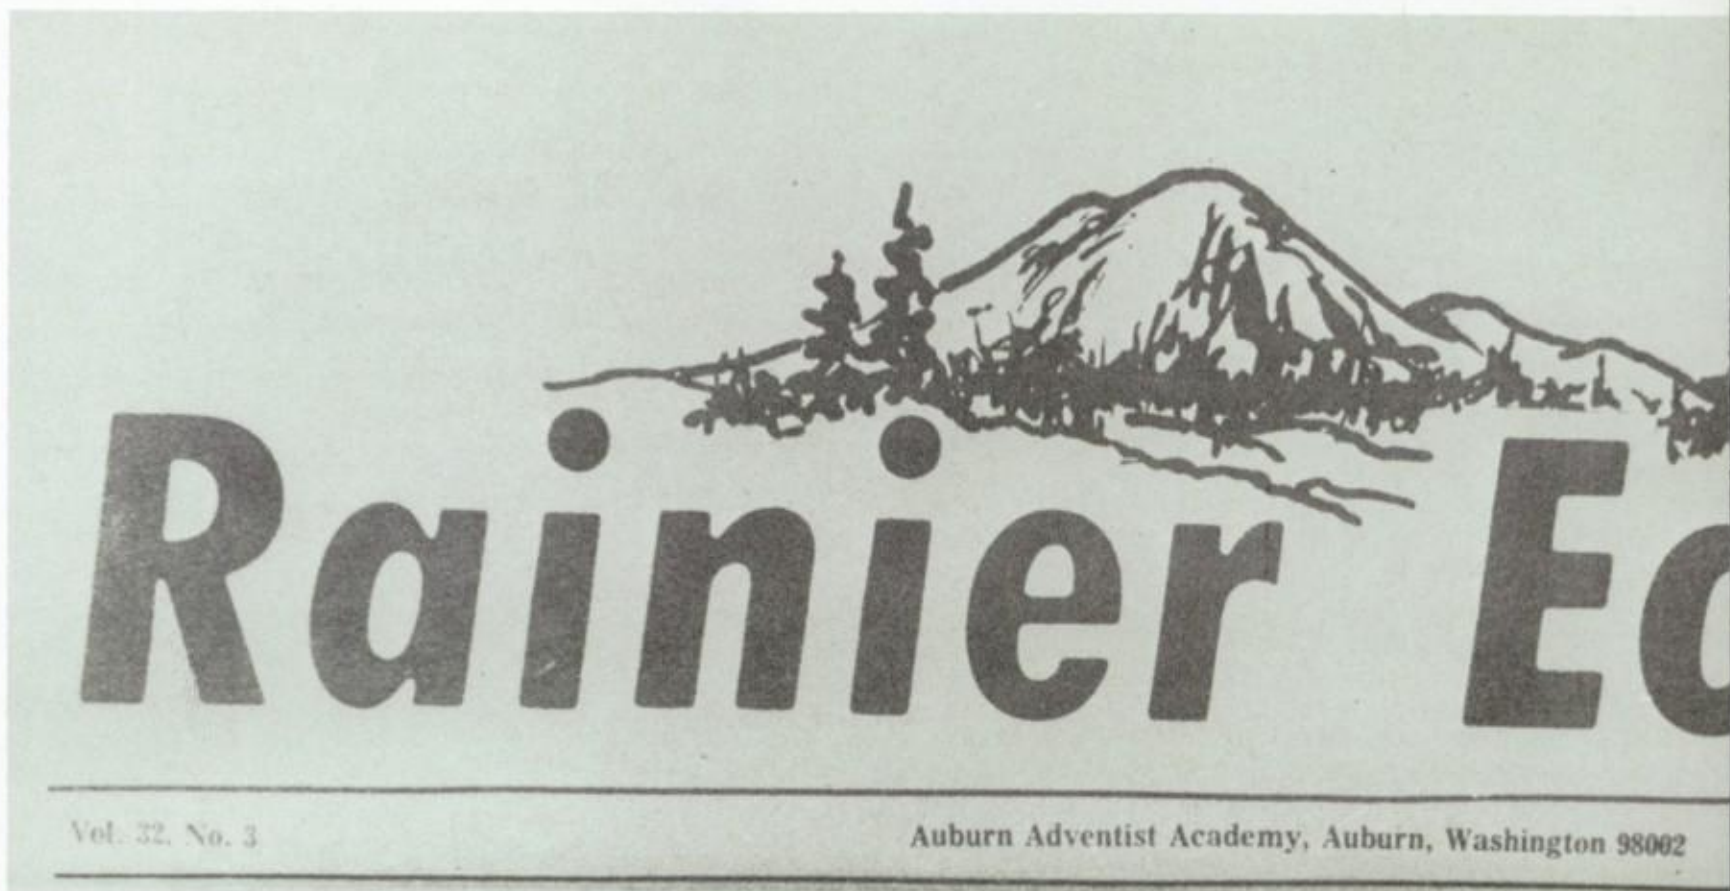

Niki's not too impressed with this electric wonder, however, brining it, "an awful waste of time."

She adds that it is "amortable as well."

The temporary Auburnite is staying at the Carl Jorgensen residence.

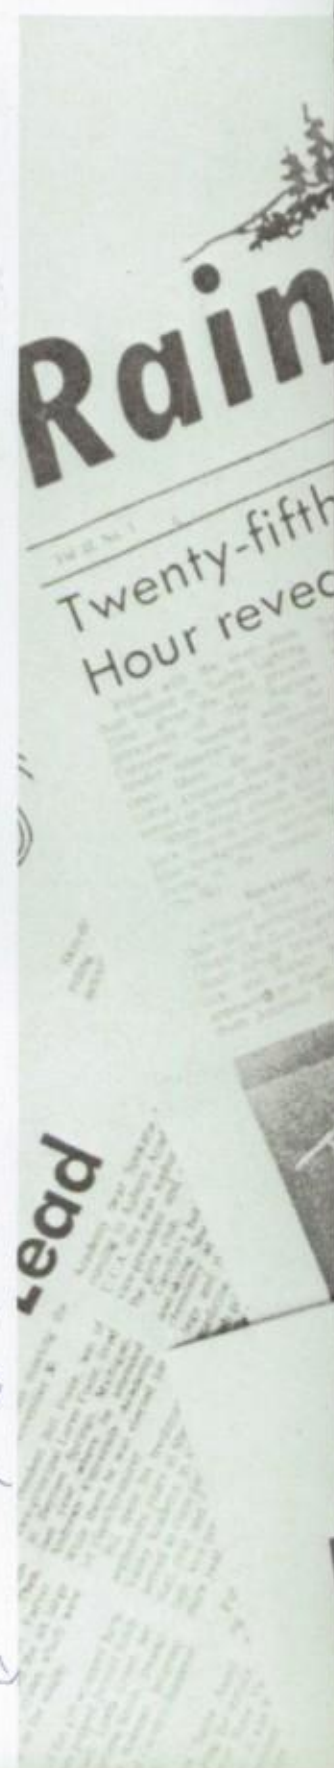

EXCHANGE STUDENT

Pausing to say "hi", Dominique Bongers greets you with a radiant smile, blue sparkling eyes, and a soft Dutch accent. This tan, petite blond comes to A³ from Cape Town, South Africa. Dominique, a Rotary Club exchange student, made a splashing hit on her second day here by walking off with three first place prizes in the swim meet. Niki, as some call her, graduated from high school in Africa last year, but is now taking additional classes so she can graduate again this year—American Style.

ZETA KAPPA OPEN HOUSE

Monday, November 26, 7:30 p.m.; Official Hunting Season opened for the girls to nab a date to the Zeta Kappa Open House. Some poachers in the crowd made their catch before Open Season, thus making odds worse for the licensed hunters.

At 5:30 p.m., December 2, the young men called for their triumphant dates at Ruby Nelson Hall. Couples, organized into groups of 20, followed guides to the cafeteria and dormitories, recapturing high-points of America's history from the "Age of Discovery" to "The Depression". At last! The moment all young men long for! To see the inside of the girls' dorms, (and legally, too!). Following dinner, students from Walla Walla College provided the entertainment. The "Candlelight Hour", a time devoted to socializing, was a novel conclusion to the evening.

Dear Seniors,

Next year when life's pressure's start piling up on you - and you long for your good ol' academy days - take heart! Yes, you may have the impossible! A taste of the past is now made available for you to have the rest of your life (Ha! Ha! Ha!). Mrs. Aime wishes you many happy baking hours while reproducing the one and only A.A.A. cafeteria's secret recipe for their famous Sabbath morning breakfast cake.

Shari,
Remember the days back at the cafeteria? They were fun. Just try to make this recipe, only I can do it. It's been fun knowing you.
Love
Eve

P.S. Keep on keeping on

Dear Cheri (Lady Bug)
 This has been a great year, hasn't it?
 I'm so glad that I have a friend
 like you! Remember English class and great
 ol' Washington State & Modern World. Maybe next
 year we can have more classes together. Thank
 again for all the fun times I had at your
 house. (I hope you can learn to milk a cow
 when you come to my house. Thank for
 everything you've done for me and for cheering
 me up!

Love,
 Heather

P.S. Phil. 4:13

 built trucks. O.K.?

Dear Mr. Pearson
 I have just
 received your
 letter of the
 10th inst. and
 am glad to
 hear that you
 are well and
 hope you will
 be able to
 visit us soon.
 I am, Sir,

Dear Cheryl,
 You're quite a
 gal - a lot of fun
 & proved to be
 a dumb this year. Don't
 forget the dumb jokes like
 "Soda Cra..." & pop!
 we had in the Publications office
 with Debbie & Bonnie Heinrich (& whoever else
 happened to drop by!) Sorry about you thinking I
 was "stuck up" - I'm not! I
 hope you have the best of luck in the
 future. May we meet in heaven
 someday soon.
 Love,
 Delene

Dear Cheri
 You are a great kid
 But you still not as tall
 as I am. When ever you look
 at the mountain just remember me.
 Love
 Jerry.
 P.S. Have a good
 Summer.

WASHINGTON CONFERENCE OF SEVENTH-DAY ADVENTISTS

"Success in any line demands a definite aim. He who would achieve true success in life must keep steadily in view the aim worthy of his endeavor. Such an aim is set before the youth of today. The heaven-appointed purpose of giving the gospel to the world in this generation is the noblest that can appeal to any human being. It opens a field of effort to every one whose heart Christ has touched."

Dear Cheri,

You better start practicing for Gymnastics
during the summer so you can join it next

here next year. You'll be sorry if you don't
join. Why don't you join band and play
a Tuba with Mark you'll probably beat Mike.
if you tried hard enough. Have fun this summer
and take it easy.

Love

Leonard

 enjoyed it even though I didn't
 do just right sometimes it's
 something worth remembering.
